African Missions

Greetings from E. Africa

After the MacMed team left South Sudan, I stayed behind for another week and taught a seminar about the Church that Jesus built. This was a lesson that complimented our other LBBI classes about church history. We limited the class to nine pastors. I was asked to return in the next dry season (January) and teach the Pastoral Epistles.

I then returned to Uganda and attended the graduation of one of the classes we have in the eastern part of the country. There were 19 who graduated this time. Another 14 have not yet finished their studies but are scheduled to and will graduate next spring.

After the graduation, three of us made a two-day trip to western Uganda. This was the first time I had been to this area near the Democratic Republic of Congo. While there we visited an unreached tribe of pygmies (Batwa tribe). One of our group will be visiting them monthly and I will go there as I have opportunity. They have a king who is pictured with his wife, me and another pastor I work with named Ben. Please pray for them. Their knowledge of Christ and his church is very limited. Thanks to all of you who are having a part in this ministry. *Yours for Christ in E. Africa, E.D.H.*
